

Westfield Primary School Sports Premium Funding Document 2017-18

Ollie Dean and Hayley Wallis

Assessment without levels - Head, Heart and Hands

Sports Premium purpose: Schools must use the funding to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

The five key indicators are:

- **Key indicator 1:** The engagement of all pupils in regular physical activity - Chief Medical Officer guidelines recommend that primary school children undertake at least 30 minutes of physical activity a day in school
- **Key indicator 2:** The profile of PE and sport being raised across the school as a tool for whole school improvement
- **Key indicator 3:** Increased confidence, knowledge and skills of all staff in teaching PE and sport
- **Key indicator 4:** Broader experience of a range of sports and activities offered to all pupils
- **Key indicator 5:** Increased participation in competitive sport

We are required to publish details of how we spend our sports premium as well as the impact it has on pupils' PE and sport participation and attainment. We regularly update the table every term and publish it on our website as evidence of our ongoing review into how we are using the money to secure maximum, sustainable impact.

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your students now and why? Use the space below to reflect on previous spend, identify current need and priorities for the future.
