

Superheroes (drawing)

Art

Ways to draw in detail:

Ways to transfer these skills to make a 3d replica of my sketch:

To look at shading skills in more depth

To be exposed to the different types of shading

To sketch in the style of a particular artist/illustrator

To alter, change, adapt as I sketch

To create a 3d replica of my creation using a different medium

We are learning to develop our sketching skills and knowledge.

Previous knowledge

The children in previous years have had experience of experimenting and exploring different line forms. They have looked at creating depth in a still-life sketch.

Key Knowledge:

To make connections with our favourite superhero and the artistry behind the creation

To know that collaboration with other artists is needed to create something successful

Know how to use sketching pencils to create tone (dark to light).

Know how to use lines and dots to create texture and pattern.

Key vocabulary

sketching	An experimental rough drawing that allows an artist to alter, change, adapt as they draw
cross-hatch	A type of sketching skill
shadows	A darker area where light does not reach
size/ proportion	How big something appears on paper
technique	How to complete a specific skill
effect	Feelings expressed through my work, what effect are you trying to convey

Examples of work to inspire me:
