

DINOSAURS

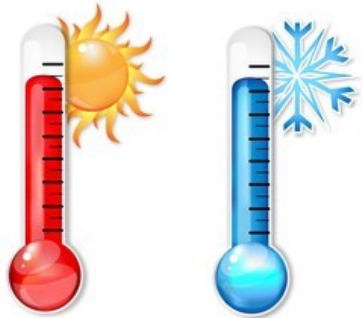

A hot country.

What have we already learnt?
 In reception, through stories and videos children learn about different climates and weather. This aids their understanding of differences around the world. This helps them to make a comparison between hot and cold countries in Year 1.

A cold country.

shutterstock.com · 1938070795

Vocabulary	Definition
Hot places	High temperature
Cold places	Low temperature
Location	A particular place
Climate	The weather conditions in an area

Future Learning:
 Compare the UK to Jamaica—location, houses, food, climate, flags, tourism
