

ISLAND INVASION

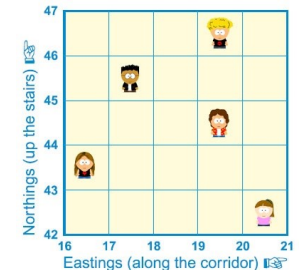

Skills

- Know what is meant by biomes and what are the features of a specific biome
- Label layers of a rainforest and know what deforestation is
- Distribution of natural resources
- Recap 4 figure grid reference
- Know how to use graphs to record features such as temperature or rainfall across the world.

What have we already learnt?

Children continue to learn about human and physical features in the world so that they have now learnt about a variety of different human and physical features in depth throughout KS2.

Layers of the rainforest.

How many different biomes can you name? What would the climate be like here?

Vocabulary	Definition
Biome	areas of the planet with a similar climate and landscape
Distribution	the way something is spread out or arranged over a geographic area
Climate	average weather conditions in a place over 30 years or more.
Deforestation	clearing a wide area of trees
Rainforest	a tall, dense forest that receives lots of rain every year

TYPES OF BIOME
