

### **Playdough Recipe:**

#### **Ingredients:**

- 2 cups all-purpose flour
- 3/4 cup salt
- 4 teaspoons cream of tartar
- 2 cups lukewarm water
- 2 Tablespoons of vegetable oil
- Food colouring, optional

#### **Method:**

Stir together the flour, salt and cream of tartar in a large pan. Next add the water and oil. If you're only making one colour, add in the colour now as well (you can add flavourings and glitter too).

Cook over medium heat, stirring constantly. Continue stirring until the dough has thickened and begins to form into a ball. Remove from heat and then place inside a food bag or onto grease proof paper.

Allow to cool slightly and then knead until smooth. If you're adding colours after, divide the dough into balls (for how many colours you want) and then add the dough into the food bags. Start with about 5 drops of colour and add more to brighten it. Once it's all mixed together you're ready to have fun!

Store the play dough inside the bags once done to keep soft.
