

WESTFIELD PRIMARY SCHOOL
Welcomes you back to the summer term!

Monday 20th April 2020

Dear Wonderful Westfield Children,

Welcome back to the summer term at Westfield Primary School. I know this is not the usual way I would welcome you back, but sadly we can't all be together today as it is important for us to stay at home to keep us all safe and protect our community. Staying away from each other and from our wonderful school will not last forever.

These are very unusual times and one day, when this is all over, you will be telling your own children about the time that our brilliant school, community and world overcame a huge challenge, how we stuck together to help, support and care for each other.

Your fantastic teachers are thinking about you every day and they miss you too, all the staff in school do. The teachers have many home learning activities to share with you on the class website pages and I hope you are logging on every day and trying your best to complete some of the activities, which are set for you. Remember, it doesn't matter if you find some of these activities tricky, you just need to try your best. If you are stuck you can ask your parents/carers to email your class teachers for help. We have taught you how to be resilient learners and to persevere, so I know you will be great!

Staff are currently making a fun video to share with you .. hopefully by this time next week. So look out for it ... we are all holding on to the feeling of keeping happy ... "sunshine on a rainy day!" So hold onto HAPPY feelings!

Remember to use this time to model our PRIDE values. I hope you are being respectful and kind to your families and enjoying this time you have together. I have really enjoyed seeing the photos some of you have sent showing your home learning or just having fun! Maybe this week you could challenge yourself to send a photo of you creating or showing a rainbow in a fun way so we can all put a smile on our faces- this is one of me with my girls! You may want to display these rainbows in your homes and take them out at 8pm on Thursday evening to clap (If an adult is with you!) for all the Keyworkers who are working hard to help those in need. Rainbows are a sign of hope.

Let other people see how thoughtful and wonderful you are by talking to adults about anything you may be worried about as well as spreading kindness and positivity to your family at this time.

I can't wait to see you all when we return to school, we don't know when that will be yet. Remember to be strong, keep smiling, spread hope, stay active and be brave, you are the most amazing children so I know your families will be proud of how well you are coping.

Let's get cracking with our summer term! Warm regards,
Mrs Karyn Hing (Your Headteacher who is missing you all greatly!)
