Anti-bullying Policy

Aims

The aim of our school is to create a safe, secure and happy environment, where all our children can thrive and learn. We expect, encourage and reinforce good behaviour. All members of our school should adhere to the Westfield Primary Way containing our 5 underpinning values of **Positivity, Respect, Independence, Diversity** and **Excellence** that supports our children in becoming rounded people. These lie at the heart of the high expectations we have for behaviour in our school.

All children have an entitlement to feel safe at Westfield Primary School. We believe that the school has a central role in the children's social, moral and well-being development just as it does in their academic development. Just as we measure academic achievement in terms of progress and development over time towards academic goals, so we measure standards of behaviour in terms of the children's ability to develop and grow into positive members of society.

We aim to teach our children and staff how to manage any situations. This policy is updated annually, and shared with staff, parents and children. It is shared on the website, as pupil and parent friendly leaflets and is translated into other languages when needed, in line with our school community.

We have an open-door policy and encourage parents to come in and work with us to support their children to feel safe in our school.

We are a core member of:

Policy Development

This policy was formulated in consultation with the whole school community with input from members of staff, governors, parents/carers, children, and visiting external providers, in particular Specialist Teachers for Inclusive Practice. Pupils contribute to the development of the policy through the Anti-bullying Team, circle time discussions, RSE curriculum and assemblies. We have a set of school rules that underpin class rules and class code of conduct. We have a whole school behaviour policy which promotes positive behaviour.

The school's duties

The school is responsible under the Health and Safety at Work Act 1974 for the health and safety of pupils: They are required to do all that is reasonably practicable to protect their health and safety.

- The school has a common law duty of care to pupils in school. They are required to take reasonable care.
- The statutory and common law duties are discharged if reasonable precautions are taken to prevent bullying in schools and there are procedures in place to record any incidents that do take place and procedures to take appropriate action with the aim to stop further incidents.
- The school provides staff with anti-bullying training, policies and procedures in order to support them to implement anti-bullying with a whole school approach.

Such incidents are reported at the end of each summer term to the Data Management Team at Surrey County Council. The school acknowledges that repeated incidents or a single serious incident may lead to consideration under Child Protection procedures. More information about Prejudice/Hate Crime-related incidents can be found at **Appendix 4**.

What is bullying?

ANTI-BULLYING ALLIANCE

Definition of bullying

Bullying is the repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. It can happen face to face or online.

There are four key elements to this definition:

- hurtful
- repetition
- power imbalance
- intentional

(See **Appendix 3** for fuller definitions of bullying terms)

Bullying can include

- Physical – pushing, poking, kicking, hitting, biting, pinching etc.
- Verbal – name calling, sarcasm, spreading rumours, threats, teasing, belittling.
- Emotional – isolating others, tormenting, hiding books, threatening gestures, ridicule, humiliation, intimidating, excluding, manipulation and coercion.
- Online /cyber – posting on social media, sharing photos, sending nasty text messages, social exclusion.

- Indirect - Can include the exploitation of individuals.

This policy states that *bullying is a form of child on child abuse*. See our Child on Child Abuse including Sexual violence and sexual harassment Policy.

Child on child abuse is any form of physical, sexual, emotional, financial abuse, and coercive control, exercised between children and within children's relationships (both intimate and non-intimate). It can be a one-off incident or it can be a series of incident involving the same children. It can happen between any number of children, and can affect any age group (Department for Education (DfE), 2023). It can occur online, in-person, directly, indirectly, in school and out of school. It can occur between children of the same age, different age and across different schools. It can be harmful to the children who display it as well as those who experience it.

How does bullying differ from teasing/falling out between friends or other types of aggressive behaviour

Bullying is

- a deliberate intention to hurt or humiliate.
- a power imbalance that makes it hard for the victim to defend themselves.
- usually persistent. We use the acronym **STOP**; - **Several Times, Often, on Purpose** - see appendix 1a - Anti-bullying booklet by the children for the children

Occasionally an incident may be deemed to be bullying even if the behaviour has not been repeated or persistent possibility should be considered, particularly in cases of sexual, sexist, racist or homophobic bullying and when children with disabilities are involved. If the victim might be in danger then intervention is urgently required.

What Does Bullying Look Like?

Bullying can include:

- name calling

- taunting
- mocking
- making offensive comments, including sexual harassment or sexualised comments
- physical assault
- taking or damaging belongings
- cyber bullying - inappropriate text messaging and emailing; sending offensive or degrading images by phone or via the internet producing
- offensive graffiti
- gossiping and spreading hurtful and untruthful rumours
- excluding people from groups.

Although bullying can occur between individuals or groups, it can often take place in the presence (virtually or physically) of others who become the 'bystanders' or 'accessories'.

Why Do Children and Young People Bully?

Specific types of bullying include:

- bullying related to race,
- religion or culture bullying related to special educational needs or disabilities bullying related to appearance or health bullying relating to sexual orientation bullying of young carers or looked after children or otherwise related to home circumstances sexist or sexual bullying.

There is no hierarchy of bullying - all forms will be taken equally seriously and dealt with appropriately. young people young people and staff between staff individuals or groups.

Signs of Bullying

Pupils who are being bullied may show changes in behaviour, such as becoming shy and nervous, attention seeking, feigning illness, aggressive, taking unusual absences or clinging to adults.

There may be evidence of changes in work patterns, lacking concentration or truanting from school. There may also be physical evidence such as unexplained bruising or grazes.

Zones of Regulation resources are used to help identify a pupil who feels they are being bullied.

SensoCloud alerts may also highlight bullying concerns. All school staff must be alert to the signs of bullying and act promptly and firmly against it in accordance with this policy and also the school's Safeguarding and Child Protection policy.

Curricular approaches to anti-bullying

In dealing with bullying we aim to:

- Raise awareness about bullying
- Share and refer to the school's anti-bullying policy
- Increase understanding for victims and bullies
- Teach pupils about their relationships with others through the curriculum
- Teaching children to tell
- Teaching children to involve an adult if they see bullying happening

- Raise self-awareness of own well-being in various situations

Our ethos underpins our curriculum and anti-bullying is taught using formal and informal approaches. More formal approaches include our Learning for Life (PSHE) curriculum, RSE and our whole school themed 'Anti-Bullying', 'Internet Safety' and 'Staying Safe' weeks. We teach the Surrey Online Curriculum in all year groups. Less formal approaches include our whole school assemblies, our class Circle Times, anti-bullying posters, Well-Being Week, visits from agencies such as the police and staff modelling respect for all, within lessons, inside the school building and out in the playground.

Reporting Bullying Incidents

Children are advised during Learning for Life (PSHE) lessons, Anti-Bullying Week and regular Circle Times that they should speak to any adult that they trust - class teacher, LSA, parents, Home School Link Workers, for example. Parents should tell their child's class teacher. The school will then complete the Anti-Bullying Log and involve the relevant members of staff to deal with the issue.

Restorative Approaches:

At Westfield, we use Restorative Approaches, following whole staff training based on Belinda Hopkin's Restorative Justice in Schools, to deal with behaviour and bullying. The steps we follow are

1. Everyone has their own perspective with the key question *What happened?*
2. Thoughts and feelings with the key questions *What were you thinking? How were you feeling?*
3. Who has been harmed? With the key question *Who else has been affected by this?*
4. Moving on with the key question *What do you need to do now, so that the harm can be repaired and positive relationships can be restored?*
5. What do you need to make things right?
6. Repair What are our steps to repair this and move on?

Pupils Who Have Been Bullied:

Will be supported by:

Offering an immediate opportunity to discuss the experience with their class teacher or a member of staff of their choice - using of Restorative Approach style questioning. Support may include:

- Reassuring the pupil
- Encouraging their friends to be supportive
- Inclusion Team support and other continuous support available in school, through our own wellbeing offer of interventions
- Circle time discussion
- Time out

- Restorative Approach
- Activities to restore self-esteem, confidence and to build resilience
- Peer Mentors and Anti-bullying Ambassadors
- Supported in school by Mindworks

Pupils Who Have Bullied:

Will be supported by:

- Being listened to without interruption
- Being asked open questions to encourage them to explain what had happened.
- Discovering which children were involved and why
- Establishing the facts and the need for change.
- Creating an opportunity to make amends.
- Informing parents/carers to engage their support
- Support of the inclusion team
- Involvement of the SLT
- Supported in school by Mindworks
- Referral to outside agencies if appropriate - CAMHS or Behavioural Support.

The role of all staff members

Be aware and vigilant to the signs that a child may be being bullied.

If a child tells a staff member that they are being bullied, the staff member must

- Find out the facts from the child
- Listening to them without interruption
- Reassure the child that they have done the right thing to tell an adult
- Write down the child's words at the time or as soon as they can
- Reassure the child that they will be supported
- Make sure the child is feeling safe (for instance, playing or working in a different area from the accused child); gain the voice of the child on how they would feel safe
- Inform the class teacher
- Work with members of the SLT and Anti-bullying coordinator as required.
- Complete the Anti-Bullying Incident Log and, if appropriate, the Prejudice/Hate Crime-Related Incident Log.

The role of the class teacher

- will gain a full understanding of the incident
- will follow the school's current Behaviour Policy, with the support of the Anti-bullying coordinator or SLT
- will discuss the incident(s) with the parents/carers

- will contact the parents to arrange a meeting
- log the details of the incident on the bullying log on the staff drive and pass to the Anti-Bullying Coordinators, year leader or a member of the senior leadership team as appropriate.
- If the incident requires following up, the Anti-Bullying Coordinator will speak to the parties involved in line with our anti-bullying and restorative procedures. If parents are not satisfied with how the incident has managed they will be invited to arrange a meeting with a member of SLT.

What should parent/carers do if their child tells them that they are being bullied?

- Talk to the child calmly to reassure the child that telling an adult is the right thing to do
- Make a note of what the child says
- Explain that the child should report any further incidents to a teacher or other member of staff straight away
- Make an appointment to see the child's teacher.

Visitors

If a child tells a visitor, or suggests this in their behaviour or in an incident, the visitor must speak to the class teacher or the member of staff to whom they are directly linked.

How do we respond to Bullying?

Bullying incident identified or alleged

If it is identified as a friendship issue (not bullying) - support in school such as working with the Inclusion Team, Restorative Approaches or Circle of Friends may be instigated, discussion with children about how we look after each other, possible use of Circle Time, PSHE and RSE lessons to reinforce expected behaviour with whole class

Staff member investigates incident and, if the incident is bullying following a full investigation (lots of times, on purpose). Staff member allocated to investigate discusses the issue with all the children involved, encouraging the child who has been accused of bullying to understand the consequences for the child who has been bullied, using a restorative approach to educate and support both victims and perpetrators. Parents involved to discuss strategies (all parties).

Staff member completes the Anti-Bullying Incident Log on the system (located at Staff/Staff/Behaviour & Anti-Bullying/Anti-Bullying/Anti-Bullying Incident Log; Appendix 2b) and, if appropriate, the Prejudice/Hate Crime-Related Incident Log on the system (located at

Staff/Staff/Behaviour & Anti-Bullying/Prejudice Related Incidents/Prejudice Related Incident Log) (Appendix 1b), explaining allegations - what has been happening, when, where and by whom. pass to Inclusion Leader for monitoring, detailing the support given to all parties.

If it is a prejudice/Hate Crime related incident complete the Prejudice-Related Incidents Monitoring form set out in Appendix 1b (and available on the system at Staff/Staff/Behaviour & Anti-Bullying/Prejudice Related Incidents//Prejudice form) and pass to the Headteacher, detailing the support given to all parties.

We aim to support both the victim and the perpetrators of a bullying incident, through the use of Restorative Approaches, Circle of Friends, Social Skills Support Group, individual mentoring, WBA, support from MMS at lunchtimes, involvement of outside agencies, such as STIPs, Educational Psychologist, police (if necessary).

Where sanctions are needed we use our Behaviour Policy, therefore sanctions may include removal from group; withdrawal of break or lunchtime privileges; banning the pupil from school trip or sports event (if these are not an essential part of the curriculum); internal exclusion, suspension.

Update the Anti Bullying Incident Log or in the case of a prejudice related incident, the Prejudice Related Incident Log (see above for the location of both logs) and notify Inclusion Leader or Headteacher as appropriate.

Monitor the situation

If resolved, close the incident; continue ongoing support if necessary; if further incidents are reported begin the process again. If bullying is persistent then actions detailed in the Behaviour Policy will be implemented.

Parents will be kept informed throughout the process outlined above.

Bullying that does not happen on school premises, but still impacts on the children whilst on school premises, will be dealt with as above. The school will advise that parents contact the police if it deems it necessary to do so.

Hate crime and bullying

Understanding how bullying relates to hate crime and hate incidents, and what the law has to say about it.

There is no legal definition of a hate crime. However, the police and the CPS have an agreed definition as follows:

A hate crime is any criminal offence which is perceived by the victim or any other person, to be motivated by hostility or prejudice based on a person's race or perceived race; religion or perceived religion; sexual orientation or perceived sexual orientation; disability or perceived disability and any crime motivated by hostility or prejudice against a person who is transgender or perceived to be transgender.

There is a distinction between a hate crime and a hate incident, which is defined like this:

A hate incident is any incident which the victim, or anyone else, thinks is based on someone's prejudice towards them because of their race, religion, sexual orientation, disability or because they are transgender.

CPS GUIDANCE

However, a hate incident does not necessarily break the law. Where a hate incident amounts to a criminal offence and is based on one of the five protected characteristics, it is known as a hate crime.

The type of conduct which will be considered as a hate incident is wide-ranging and includes the following:

- verbal abuse;
- harassment;
- bullying or intimidation;
- physical attacks;
- threats of violence;
- hoax calls, abusive phone or text messages, hate mail;
- online abuse;
- displaying or circulating discriminatory literature or posters;
- graffiti;
- arson;
- throwing rubbish in a garden; and
- malicious complaints.
